SAT WORKSHOP 2008

The SAT is administered by the Guidance Department for the Educational Testing Service several times each year for interested college-bound students. Any Plum student may register for the test. While it is not recommended the students take the test every time it is offered, it may be taken more than once. The annual spring test has traditionally been referred to as the test that is most important to college-bound juniors.

To help our students better prepare for the March 14, 2009 test, the PTSA has once again arranged to sponsor an SAT Seminar. This seminar consists of 6 sessions held on the following dates:

Monday, 2/23	*Wednesday, 2/25*
Monday, 3/2	*Wednesday, 3/4*
Monday, 3/9	*Wednesday, 3/11*

Place: Plum Senior High School *Time: 6:30 – 8 pm*

Cost: $50.00 (includes instruction and class handouts)

There will be NO bus transportation available, nor will refreshments be served. Attendance records will be maintained. This is a **"working seminar"** where homework will be assigned. Students who are absent from a class must get the homework assignments from a fellow class member. **No refund** is given for a class missed nor is the registration fee is refundable. Any student disrupting the class or break time will be told to leave and may not return nor will any payment be refunded.

Only registered students of Plum Senior High may attend. Class size will be limited. Once a class is filled, all efforts will be made to schedule additional instructors. A waiting list will be maintained, according to postmarks, to see if there are enough students to fill an additional class and instructors are available.

Please note: *The cost of the seminar does not include the cost of the SAT Test.. You must register and pay for your SAT Test separately. Online registration is available through www.collegeboard.com. If you have any questions, please see your guidance counselor.*
